Dear Potential TEFL Teachers,

There are not many things in life that are more stressful than moving to a new country and looking for a way to make a living when you get there. I had searched for months for work and a legitimate way to live in Spain, but I kept running into dead ends. Then, I happened upon Canterbury's website. I was skeptical at first; it seemed too good to be true. I was pleasantly surprised at the outcome though. Everything that was stated on their website is true. The people at Canterbury made this process very easy for me. After being denied so many times and jumping through some hoops, it was nice to find a group of people that followed through on what they said they were going to do. They were quick when responding to my emails and sending me all of the information that I requested to complete my visa process.

The professionalism did not stop there though. When I arrived in Madrid for my orientation they had information on apartments, banks, cell phones, and other things that anyone moving would need help with. The TEFL course is well taught and gives you the exact skills you need to successfully teach English. I am not a teacher by profession so I was very unsure how all this was going to play out. Canterbury has followed through on providing teaching hours, materials, and a good working environment. Now I am now making enough money to truly enjoy my time here in Spain. You have the flexibility to decide what classes you want to teach or not teach, which allows you to customize your schedule and how you spend your time abroad. I highly recommend Canterbury Consulting Spain to anyone interested in a very straight forward way to travel and work abroad. Teaching is something that I never knew I would enjoy, but thanks to Canterbury I do, and now I am certified to teach TEFL almost anywhere I want.

Sincerely,

Jason Shelley. January 2014

The staff and teachers are always willing to help new students in the TEFL program feel welcome in Madrid.

No matter your command of the English language, I promise that you will learn something new in your four week TEFL certification program. You can also rely on the wealth of resources available at the Canterbury offices to help you prepare for classes with your new students.

Canterbury makes life outside of the classroom fun as well with a non-stop calendar of social events.
